5. REAPPOINTMENT EXTERNAL AUDITOR

a) Reappointment external auditor (*resolution*).

The Supervisory Board, on the recommendation of the Audit and Risk Committee, nominates KPMG Accountants N.V. ("KPMG") for reappointment as external auditor of Royal Heijmans N.V. In connection with this nomination, both the Executive Board and the Audit and Risk Committee have assessed the activities of KPMG in different divisions of Heijmans in the past and current financial year. It has become apparent that KPMG is able to form an objective opinion on all matters that fall within the scope of its assignment. This involves effective and efficient action, also in the context of audit costs, risk management and reliability. On this basis, the Supervisory Board nominates KPMG for reappointment as external auditor for the 2027 and 2028 financial years.

b) Reappointment of external auditor in the context of the audit of the sustainability report (*resolution*).

In accordance with the intended article 2:393a of the Dutch Civil Code (as included in the bill for the implementation of the Corporate Sustainability Reporting Directive for companies), the Supervisory Board, on the recommendation of the Audit and Risk Committee, nominates KPMG as external auditor for the assurance audit of the sustainability reporting of Royal Heijmans N.V. for the financial years 2027 and 2028, subject to the condition precedent that the bill for Implementation of the Corporate Sustainability Reporting Directive for companies has entered into force.

6. PURCHASE OF SHARES HELD BY THE COMPANY IN ITS OWN CAPITAL (*resolution*)

This proposal concerns the authorisation of the Executive Board for the term of 18 months, counting from 29 April 2026, to decide, as the authorised body and subject to approval of the Supervisory Board, to have ordinary shares in its own capital acquired by the company through purchase on the stock exchange or otherwise.

The authorisation is limited to 10% of the share capital issued as of 29 April 2026. The shares can be acquired by the company for a net price of between the nominal price and 110% of the market price. Under the market price means the highest weighted average of the price of the Heijmans ordinary share on Euronext Amsterdam throughout five trading days prior to (i) the day of purchase of ordinary shares and (ii) the day of announcement of the purchase of ordinary shares. The term shares also means depositary receipts for shares.

7. THE EXECUTIVE BOARD'S AUTHORITY WITH REGARD TO ISSUING SHARES

a) Designation of the Executive Board as the competent body to issue a maximum 10% of ordinary shares and to exclude preferential rights (*resolution*).

The proposal is to designate the Executive Board as the competent body to decide, subject to approval of the Supervisory Board: 1) to issue and/or to grant rights to subscribe for ordinary shares; and 2) to limit or exclude the preferential rights of existing shareholders, for the term of 18 months, counting from 29 April 2026. The Executive Board's authority will be limited to 10% of the issued share capital as of per 29 April 2026.

b) Designation of the Executive Board as the competent body to issue a maximum of 20% of ordinary shares in connection with a rights issue (*resolution*).

The proposal is to designate the Executive Board as the competent body, subject to approval of the Supervisory Board, to decide: 1) to issue ordinary shares only in connection with a rights issue, on the understanding that this authority of the Executive Board is limited to a nominal amount of shares that is equal to 20% of the issued capital at the moment of issue; and 2) in connection with this to limit or exclude the statutory preferential right of existing shareholders, insofar as the Executive Board considers such a restriction or exclusion or other arrangement to

be necessary or effective in connection with a rights issue, but whereby existing shareholders who are eligible acquire contractual preferential rights to new shares in proportion to the shares they hold, such in accordance with the existing rights issue practice, for a term of 18 months counting from 29 April 2026.

Explanatory notes

The authorisations requested under agenda items a) and b) are the same as the authorisations requested of the General Meeting in 2023, 2024 and 2025. The General Meeting of Shareholders' approval is requested under agenda item b) for the designation of the Executive Board as the competent body to issue ordinary shares up to a maximum of 20% of the outstanding capital at the moment of issue in connection with a rights issue and to limit or exclude the statutory preferential right, whereby existing shareholders acquire a contractual preferential right.

Based on this proposal the Executive Board retains the option of being flexible and of responding quickly to circumstances which require the issue of ordinary shares. It gives Heijmans the flexibility to manage its capital position and the ability to respond directly to developments in the financial market, as the situations demands.

The authorisation takes account of the interests of shareholders to minimise dilution of their percentage shareholding because the authority to issue ordinary shares to a maximum of 20% of the capital is only possible via a rights emission. This rights emission, which will take place in accordance with existing market practices, offers existing shareholders a contractual preferential right to subscribe to new shares in proportion to their existing shareholding. Pursuant to market practice with regard to such rights emissions, the statutory preferential rights are excluded in connection with legal or practical objections relating to registration dates, shared ownership, shares held by the company, or other restrictions, obligations, practical or legal restrictions under legislation and regulations of any jurisdiction or regulator.

Heijmans does not currently intend to use the authority to be granted on the grounds of this proposal.
